

# VACTOR®

Subsidiary of Federal Signal Corporation

## More than products, parts, and expertise - Solutions

Our new line of Vactor OEM nozzles delivers the performance you trust at an economical price. Experience longer nozzle life through the utilization of interchangeable, wear resistant tungsten carbide inserts. Vactor OEM nozzles are exclusively designed to be your ultimate solution in a wide range of applications.

Buy the parts you trust from the people you trust.

Designed and manufactured to strict OEM specifications.  
Look no further than your nearest Vactor dealer.
